MARGARET BRAYTON TURNS 90

Margaret Brayton was the first Executive Secretary of the Commonwealth Nurses Federation. This month she celebrated her 90th birthday.

Margaret had a long and distinguished nursing career and has a multitude of nursing friends across the world who I know would want to wish her well. At 90 she is still actively involved in many health, social development and social justice committees and causes.

Without Margaret's determination, perseverance, warm personality, generous nature and sense of humour, the Commonwealth Nurses Federation would not have prospered. Margaret lay the foundations for the successful organisation the CNF is today. It was a great privilege to attend Margaret's 90th birthday celebrations in London on 10 July.

LEADERSHIP TRAINING IN MALAYSIA

The Malaysian Nurses Association (MNA) has held the first two days of their governance and leadership training in Kuala Lumpur. The training is being funded by a grant from the Commonwealth Foundation. The purpose of the training is to prepare young nurse leaders with the knowledge, skill and confidence to assume nursing leadership positions in the future. The CNF is supporting the MNA in the delivery of the training. The six day training will cover areas such as: governance, strategic planning, advocacy, lobbying, leadership and media. The training is to be held over three weekends.

COMMONWEALTH PEOPLE'S FORUM

The Commonwealth Peoples' Forum (CPF), held in conjunction with the biennial Commonwealth Heads of Government meeting, will be held in Port of Spain, Trinidad and Tobago 22-26 November, 2009.

The CPF provides an opportunity for individuals and organisations across the Commonwealth to interact, network and share ideas around issues of concern and interest. Representatives of the CNF will be attending the CPF and presenting at some of the assemblies. The CNF will also be participating as part of the Commonwealth Health Professions Alliance. More information about the CPF can be found on the Commonwealth Foundation's website: <http://www.commonwealthfoundation.com>
