

Mental Health

A legislative framework to empower, protect and care

1 out of every

According to the World Health Organisation, one out of every four persons across the world will experience mental health problems and require mental health care during their lifetime. Hear the outcome of commissioned research into mental health legislation across the Commonwealth. Join international experts as they discuss the need for a legislative framework to empower, protect and care for people with mental health issues. The Forum will commence with a 'sit down' lunch at 1330 followed by the Forum at 1400.

e-News Vol.6 Issue 4 April 2013

CALL FOR ABSTRACTS

The CNF is pleased to announce the 'Call for Abstracts' for the 2nd Commonwealth Nurses Conference: *Nurses and midwives - agents of change*, to be held in London UK 8-9 March 2014. The 21st CNF Biennial Meeting will also be held in London on 7th March 2014. For more information go to the CNF website: <http://www.commonwealthnurses.org>.

GLOBAL HEALTH MEDIA PROJECT

The Global Health Media Project aims to put practical, life-saving knowledge into the hands of health workers at the point of care.

Global Health Media produces short, engaging videos which provide simple and clear messages to help health workers gain the knowledge and basic skills known to save lives. Health workers in poorer countries often lack access to basic information essential to providing effective health care.

The high quality videos have been effectively compressed so they can be downloaded free on a variety of mobile devices to meet the learning needs of frontline health workers in an accessible and cost effective way.

Sepsis

The Home Visit

Giving an intradermal injection

Jaundice

The cold baby

Thrush

The hot baby

Skin infection

Breast engorgement

Preparing the birth room
