IV	1 2	1 2

  * Description of indicators is very important

- 2. Please write a paragraph of at least 200 words to describe the **impact** of your project, at the individual level (health personnel, patients, etc.); institutional (clinic/hospital, etc.); and/or community (societal attitudes, policy, etc.).

-

-

- 3. What would you state is the key rationale for the importance of your project in your country? What is the transformative change the project supported? (50 words minimum).

-

-

- 4. Describe the two major challenges to the implementation or completion of your project activities, and indicate how you sought to overcome them (50 words minimum).

-

-

- 5. What aspect of the LARC project are you most proud?

-

-

- 6. Did you receive adequate technical assistance with the implementation of your project? If so, what organization/consultant provided the assistance and what difference did this support make?

-

-

- 7. Did your LARC team create any products in the process of implementing your LARC project (for example -- treatment protocols, mentorship plan, standard operating procedures, etc.). **If so, please attach a soft copy of the product to this final report**.
